## President's Corner:

August proved to be a difficult month to schedule an event, so I have no report on August events. However, I am looking forward to the September ATV outing! We will complete the details with carpooling, food, etc. at the September meeting scheduled for September 2<sup>nd</sup> at 7:00 pm. Jean is the event coordinator for the ATV trip. The event is scheduled for September 5<sup>th</sup>, 6<sup>th</sup>, and 7<sup>th</sup>, and we are camping this year! I am hoping you can attend and join us for a pleasurable ride, good food, and great campfire talks.

For more information on the park site visit:

Waterfowl hunting is approaching quickly. If you are interested in learning more about waterfowl hunting, would like to try it, or come with me for an outing let's talk about that at our September meeting or feel free to call me!

Wishing you all a wonderful Labor Day Holiday! Peace and relaxation for you all, especially before we hit the trails!

Sarah Ingle - President

## **Next Meeting:**

Our next meeting is September 2, 2008 at 7:00 pm at Wern Valley. Please join us! You just may be the next lucky winner of the bag raffle!

Treasurer report as written in the July newsletter

Secretary report: The Nonstock Corporation Annual report is being renewed

In activity sharing, Jill went fishing on Big Cedar Lake and caught her first walleye! She didn't keep it since she wasn't sure of the size limit on that lake, but she figured it was about 14-15 inches. Nice going Jill! Now the question is, did she take the hook out and return it herself?

Terry went fishing up north with a guide for walleye and caught many 24 inchers also some musky and northern. The weather was quite chilly, but it didn't seem to affect the fishing. She has also been hitting Lake Michigan for perch and has been only keeping ones 12 inches and bigger. She's slaying them and is attempting to do her own taxidermy on them. Bring one in when you finish.

The Women's Recreational Shooting event was held at Wild Wings in July and the weather couldn't have been better. Sarah, Sue and her daughter Amanda and Karen went on Saturday, and had a great time shooting. Karen was a first time shooter using a gun she's never handled before and shot an 18! Great start for a first timer. On Sunday, the couples shoot took place. Sarah and Tim, Mark and Sue, Sharon and Matt, Jean and Mark, Jill and Dennis participated and again the weather cooperated. Mark and Sue placed first in their division, Dennis and Jill placed 3rd in their division and Sharon and Matt placed 5th in theirs. It was great to have such a big group come and do this event. Comeraderie is the most fun part of shooting, a lot of fun teasing took place that day.

Staying with the shooting theme, The Great Cancer Shootout at Wern Valley was July 26th, and Sue and Sarah shot that event. Also another great day, they had two courses set up to control traffic since 750 shooters shot the event over 3 days. The fireworks were again spectacular from the Bartolotta's. Even if you don't shoot it coming for the raffles, food, and music is worth the trip. Our bird watching board seemed to be a popular place to put your raffle tickets, since the rolling bin was very full.

Our August activity will be shooting an event at Wild Wings at 9:00 am and some of us MAY be fishing afterward pending the weather patterns. That event is August 16, there will be an e-mail going out on the Thursday before to verify the amount of people interested in the fishing afterward.

Our ATV trip is September 5,6,7 at Rock Dam Park in Willard Wi. We will be camping for this trip and the trails are right off of the campground, so no trailering to the trails. Jean has reserved 3 sites so if you are still interested in doing this event contact Jean for more info.

There was no bag raffle this month.

Meeting adjourned.
