President's Corner:

Shooters on the line, shooters ready..... What a great time we had at the Fast Draw Shoot. I never thought that it would be so fun! Thank you Prairieville Desperados for sharing your 1st annual event with WHSA! Thank you to all the WHSA members who not only donated their time to work the concession stand, but for donating all the food to decrease the cost to WHSA. As many of you know, the total amount of money may not have been what we anticipated, but to put it into perspective, your efforts paid for five months rent, three Sportswomen of the year plaques, kids fishing clinic food, or a year and a half of bag raffles, so every dollar raised helps out!

Congratulations to Sue Krueger for taking first place at our video archery shoot! Great job! It's time to head out for the big game Sue! It was exciting to shoot on the updated screen with a new video. Everyone improved their scores with this new system. It was the highest scoring year ever. Now maybe it will start showing all the vital area shots that it looked like I was missing on the last screen. As all of you know, I am kidding as I miss a lot. That is the great thing about this group, is from beginner to expert, we always have fun. Even me, who is just a bad shot, I enjoy the spirit and friendship. Thanks to Sharon Yunk for coordinating this event for us.

On June 27th, we will have our annual fishing trip. I hope that you can all attend the meeting on June 2nd to plan where we are going, and all the details of the event. In July, we are shooting a charity shoot at Wern Valley, so make sure you block that time as well. Lots of summer fun to look forward too!

See you all soon.

Sarah Ingle
President

Kids fishing clinic went very well! The weather was beautiful....finally! We had 85 kids go through and there were many nice comments and compliments about how the clinic was run. Thanks to all of volunteers that helped with this event.

Video Archery was a very good time! The new projector was awesome and the scores reflect how much better that was. Sue shot a high 170 and Nick was second with 148. Everyone did so much better due to the new graphics. Sharon got a few bull's eyes with her re-curve bow. Nice shooting to everyone!

Karen did some geo caching at Retzer Nature Center and also participated in a GPS class. She found 3 geo caches there! This may be a nice event for the whole club to get involved in. Thanks for sharing your experience with us Karen!

Sarah was out on Big Green Lake with her dad fishing and they entered a competition with Lunkers. Sarah won the Ladies division. Everything was catch and release. She said she caught some nice bass.

Women's Outdoor day will be scheduled for the spring, so future planning meetings will be discussed.

Meeting adjourned.
